Rototuna High School: Special exhibition

In April 2021, the *Welcome Swallow Gallery* kicked off its long-term support for local young artists by holding a Schools' Art Competition, *The Artful Four: 40 shots*. With 80% of the paintings sold from the exhibition the Gallery has continued its support for young artists by inviting individual Schools to display some of their

best artwork. *Hamilton Girls High School* exhibited in April of this year, and we now have the pleasure and delight of hosting *Rototuna High School*. There are eight paintings on display, each contributing to a diverse narrative and style, presented in Oil, Acrylic, Watercolour, Pen, Mixed Media and Graphite. In this exhibition we are witnesses to deep reflexivity about the nature of consciousness and the context that surrounds us.
