

The Welcome Swallow Gallery Yours, Abstractly

Sisters, Juliet Roper & Diana Seavill

16th October - 18th November 2023

It's hard not to use the nomenclature, *sister act*. Because that is what we have here. This exhibition is paced by sisters and gallery artists **Juliet Roper** and **Diana Seavill**, who both practise their art to varying shades and colours of 'abstractness'. Roper's beautiful, evocative compositions bring plant and tree life close to the retina. There can be no mistake here, the subject matter demands to be seen. Possibly heard, too!

Seavill likewise presents a cacophonous interplay of shapes, real or imagined that challenge the eye's ability to enter a revolving sense check. An intensely variegated colour palette ensures that the viewer dances along with each composition, both lifted and entertained by the visual feast. Her composition, *Finding the Way Through*, seen below, can be used as a mnemonic for each of her exhibition pieces. Enjoy!
